- Parcel/WebPack/CreateReactApp
- GIT
- Photoshop/Illustrator/Figma
- WordPress Rest API/Twitter API V2/Facebook Graph API/ Google Search API/Google Scripting API

## Soft Skills

- Hardworking
- Punctual
- Reliable
- Eager to learn
- Teamwork

## Languages

- English – Intermediate
- Ukrainian – Native
- Russian - Native

## Education

- **IT School GoIT**

2023

**Fullstack Developer**

## Work experience

### Full-Stack Developer (JS/React/Google Extension/NodeJS/Express/Firebase/OpenAI)
veprof.com    2023 - to present

I have been involved in the development of a service that interacts with other websites and provides various content generated by artificial intelligence. Responsibilities included building the server infrastructure, creating an administrative panel for managing settings and content, and developing extensions for Google Chrome.  Throughout the project, I extensively collaborated with various technologies, such as OpenAI API, WordPress Rest API, Twitter API V2, Facebook Graph API, Google Search API, Puppeteer, Nginx and Google Scripting API.

### Content-manager/Photographer/Retoucher/Designer assistant
armorstandart    megabite.ua    2023  - to present

I am responsible for the content of the retail website, assisting the designer and take a small part in web development.

- working with email newsletters, developing a telegram bot, testing a new website
- work with content (creation of text and graphic content)
- commercial photography
- working with banners and mockups
- work with Excel (interaction with data between sites occurs by using Excel and formulas)

### Content-manager/Photographer/Retoucher/Head of the photo department
makeup.com.ua  panama.ua    2012 - 2022

I started my path as a content manager and finished as the head of photo department. You can ask me what my main achievement? I built work chains from scratch, introduced and provided piecework wages.

- employee training
- control and calculate the amount of work done.
- management decision making
- photographing/retouching/working with 1c (PORTFOLIO)

## Project experience

### Dev portfolio site   Git
[React, React Router Dom, Framer Motion, React Player].
This is my homepage.

### Photo portfolio site   Git
[JS, CSS, HTML].
This is my photographer and designer portfolio.

### Stackoverflow Copypaster Chrome Extension   Git   Youtube
[React, Google Chrome Scripting API, NodeJs, Express, Google Spreedsheets].
This application is designed to help you efficiently save code snippets, titles and links from Stack Overflow directly to your Google Sheets.
